

TANZANIA ENTRY REQUIREMENTS

As of June 1, 2020, Tanzania announced that their borders are open to international tourists. Quarantine measures are completely lifted, however, visitor entry and stay conditions apply as follows:

Prior to departure:

- No requirements have been announced by Tanzania.

During your flight:

- It is recommended to check with the airline you are traveling on to review their in-flight requirements.

During your stay:

- No mandatory quarantine period is currently in place.
- Passengers will be required to fill in a Health Surveillance Form during the flight or ground transfer to Tanzania and submit to Port Health authorities upon arrival and prior to entry.
- All travelers arriving will be subjected to an intensive screening interview, and, where necessary COVID-19 rapid testing.
- Tourists are also asked to give information about their itinerary during their stay, and should be prepared with a copy of their itinerary showing dates and accommodation, and a personal cell phone number or email address.
- Wearing a mask is required and social distancing regulations are implemented throughout Tanzania.

Clients who book a vacation to Tanzania with Africa Answers are required to either purchase insurance with us, or show proof of coverage at time of deposit. Failure to comply with any of the entry conditions, which may result in denied entry, will be processed under our standard terms & conditions. Africa Answers assumes no responsibility for change or cancellation fees due to non-compliance.
